## Message from the Secretary

### GREETINGS!!

On behalf of the organising committee it is a great pleasure and honour to extend a warm invitation to attend the **COPD Symposium 2019 on 12<sup>th</sup> of May 2019** at Hotel Hyatt Regency, Andheri .

**COPD is one of the leading non-communicable causes of death globally, as well as in India.** Against the back drop of a myriad of peculiarities of COPD in Indian setting, the guidelines are an important step towards the goal of providing a management strategy for patients with COPD.

With the surge in awareness of COPD in the country, there is greater need to identify and reduce the risk factors and improve the adoption of new and different treatment modalities.

In lieu of the same this symposium will be a great platform for all participants to discuss and share your views on recent advancements in COPD.

**We sincerely hope that you will join us for this great academic feast and make the event a symphony of outstanding scientific update on COPD!**

DR. AGAM VORA
